Dear Jim, If you clipped George Gardner's 11/15/74
story headed in the early editions "Helms Memo on
Cover-up Clouds Trial "I would appreciate a copy. The
last part in this edition is part of a review amusing
in its way. It goes from Sirica sending the jury back to
its motel to "The finale is really one for the books.
Laughling wheels in Miss Taylor....." Even for a
Sirica this is rather exceptional, no? HW 11/16/74
